works by Western New York women artists,
this year featuring the world premiere of*

Inside Out: A Dansical

conceived and choreographed
by Veronica Irene
directed by Victoria Perez

January 21-30, 2010

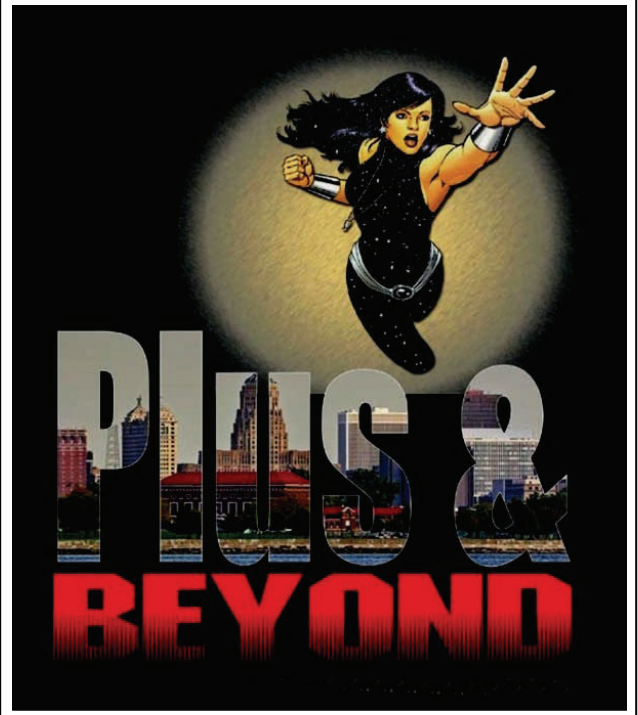

Main Street Cabaret

Inspired by a true story that can only be expressed through dance, its main character is a woman searching for understanding as she confronts the prospects of a future that might be defined by her painful past. Will the sins and follies of her parents shape her future or is it possible to break free from their mold and find a love that is true?

The Cast

To be announced.

Advice: Suitable for adults and teens.
